

Director, Northeast State Government Affairs

Public Affairs

Date Posted: 03/30/2017

Country: United States

City: Washington

Schedule: Full-time

Job Number: 1702494

Description

US Federal & State Government Affairs has an exciting and challenging opportunity for a Northeast State Government Affairs Leader, located in Washington, DC. Under the leadership of the Vice President of Government Affairs and Public Policy, the successful candidate will provide strategic direction for Dow's northeast state government affairs agenda, manage the company's state government relations activities in assigned states, and serve as a primary contact for key trade association engagements. This position includes identification of state policy issues affecting the company and designing advocacy strategies to support the business objectives of Dow within the Northeast region, including Pennsylvania, West Virginia, Delaware, New Jersey, Massachusetts and New York. Job location is in Washington, DC.

The Government Affairs & Public Policy (GA&PP) team is responsible for driving competitive advantage through advocacy and issue resolution. The team holds the company's expertise in translating trends in the external policy environment to opportunities that facilitate business strategies. Effective, early engagement in societal developments often results in competitive advantage and business growth. By definition, the nature of the work involves external parties, often includes government policies or regulations and rarely has clear black or white answers.
