The Department of Homeland Security  
Presents:  
A Joint Critical Infrastructure Partnership Workshop  
Webinar on the  
National Infrastructure Protection Plan  
NIPP 2013: *Partnering for Critical Infrastructure  
Security and Resilience*

The hour-long Webinar session is designed to raise awareness and educate critical infrastructure owners and operators on what they can do to take part in the NIPP 2013 Call to Action. The NIPP 2013 was called for by Presidential Policy Directive-21 (PPD-21) on Critical Infrastructure Security and Resilience signed February 13, 2013. The Plan was developed through a collaborative process involving stakeholders from all 16 critical infrastructure sectors, all 50 States, and all levels of government and industry.

## NIPP Rollout: February 28, 2014

### **NIPP 2013 Key Concepts:**

- Provides an updated approach to critical infrastructure security and resilience
  - Greater focus on integration of cyber and physical
  - Closer alignment to national preparedness efforts
  - Increased focus on cross-sector and cross-jurisdictional coordination to achieve results
  - Integrates information sharing as an essential component of the risk management framework
- Utilizes existing work, knowledge, and structures
- Integrates efforts from all levels of government, private sectors, and nonprofit sectors by providing an inclusive partnership framework and recognizing unique expertise and capabilities each participant brings to the national effort
- Reflects today's integrated all-hazards environment
- Grounded in business principles and existing policy
