

## Chemical Industry Council of California

March 12, 2021

Subject: Invitation to Join Chemical Industry Council of California (CICC)

Dear Prospective Member:

We appreciate your interest in the Chemical Industry Council of California and invite you to take a closer look at the benefits that membership in CICC can provide your organization. In addition to CICC's primary mission of legislative and regulatory advocacy with the California Legislature and Regulatory Agencies we routinely engage with the CalOSHA Standards Board, California Office of Emergency Services (OES), U.S. Department of Homeland Security (DHS), the FBI, and InfraGard Chapters across the state in a proactive effort to emphasize universal protection of critical infrastructure, and compliance with the federal Chemical Facility Anti-Terrorist Standards (CFATS). We engage with coalitions concerning pending bills in the Senate and Assembly with potential impact to our member organizations, involved in the solution in shaping the California regulatory climate.

On the following pages you will find a brief description of CICC and its mission, the benefits of membership, a list of member companies and the leaders within the organization. A new member application form and an annual membership dues calculation worksheet are also included for your review. Please note that no amount of CICC membership dues is used to support or oppose political parties, candidates, or ballot initiatives.

CICC members meet remotely twice a month via GoToMeeting to discuss pending legislative and regulatory activities pertaining to environmental, safety & security issues. The membership also assembles each year in Sacramento for 2 days of very active face-to-face meetings with key legislators and regulators, and to conduct our annual meeting. Travel restrictions due to COVID-19 rendered the 2020 Annual meeting to be virtual. We continued to provide members access to key leaders in the regulatory agencies for the state as well as legislators who support our mission.

The CICC staff also produces monthly emails and reports sent to our members, including monthly advocacy reports and weekly updates on Sacramento government actions. Currently, CICC sends out COVID-19 updates as information is changed or added. The CICC website [www.cicc.org](http://www.cicc.org) important to our member communications and we would be please to provide you with Guest access to the site as well as our twice monthly web-meetings. Please feel free to contact me with any questions, myself and many of our members would be delighted to speak with you and help in any way we can.

Thank you again for your interest in CICC,

Chemical Industry Council of California

## The Chemical Industry Council of California

The [Chemical Industry Council of California](#) (CICC) is a voluntary non-profit 501(c)(6) trade association incorporated in the State of California with its headquarters in the greater Sacramento metropolitan area. It is comprised of large and small chemical manufacturers and processors, chemical distributors, other chemical trade associations, users of chemicals and providers of services to the chemical industry throughout California. CICC members operate more than 100 in-state facilities, including: manufacturing plants, research laboratories, sales, service and distribution centers, chemical transportation groups, engineering firms and law firms.

CICC's California members account for annual sales in excess of \$3 billion; and directly employ more than 5700 workers with combined annual payroll \$283 million. An additional 11,000 indirect jobs are created by CICC member companies with a combined annual payroll of some \$360 million.

The Mission of the Chemical Industry Council of California is to provide an effective means for individual companies and organizations engaged in the commerce of chemicals to combine their talents and resources to build understanding and support [among legislators, regulators and the public] for sound public policies that affect the chemical industry in California.

### **CICC strives to:**

- **Alert member companies** regarding public attitudes and governmental intent in matters affecting the industry;
- **Provide a forum** for member discussion and review of public policy issues important to the industry;
- **Provide timely and reliable information** regarding the industry to members of the Governor, State Legislature, and various state agencies
- **Respond to the public and media** need for reliable and useful information about the chemical industry in California;
- **Speak out on behalf of the industry** regarding the importance of chemicals to the quality of life and the state's economy;
- **Promote a coordinated chemical industry response** on public policy issues and effective participation during the development of legislative and regulatory measures related to chemicals and science policy.

**MEMBERSHIP DUES CALCULATION WORKSHEET**

**Step 1: Membership Category** (Choose the category which best describes your company or association )

- Regular Membership: (voting-membership)**  
Chemical producers, distributors, raw material suppliers, converters, formulators or disposers of chemicals or related products. Complete Steps 1, 2, 3 and 4.
- Associate Membership: (non-voting)** ..... Total annual dues =\$1,500  
Users, applicators, or transporters of chemicals. Complete ONLY Steps 1 and 4.
- Affiliate Membership: (non-voting)** ..... Total annual dues =\$1,500  
Providers of goods and services to the chemical industry. Complete ONLY Steps 1 and 4.

Membership dues for Regular Members are based on a simple calculation which includes preset dollar amounts for your company's Employee Factor *and* Sales Factor. Determine the appropriate dollar amount for each factor and enter amounts in the calculation box in Step 4 below.

**Step 2: Employees:** The 'Employee Factor' is based on the number of CA chemical industry workers your company employs.

(choose one)

**Employees**  
(in CA)

<b>0—49</b>	<b>50-99</b>	<b>100-249</b>	<b>250-499</b>	<b>500-999</b>	<b>&gt;1,000</b>
<b>None</b>	<b>\$4,825</b>	<b>\$7,100</b>	<b>\$12,000</b>	<b>\$16,500</b>	<b>\$18,225</b>

**Step 3: Sales Factors:** The 'Sales Factor' is based on your company's USA sales of chemical products/services during the past year.

(choose one)

**Sales (\$)**  
(in USA)

<b>10 million</b>	<b>11-20 million</b>	<b>21-50 million</b>	<b>51-100 million</b>	<b>101-500 million</b>	<b>&gt;500 million</b>
<b>None</b>	<b>\$700</b>	<b>\$1,225</b>	<b>\$2,500</b>	<b>\$3,950</b>	<b>\$5225</b>

**Step 4: Calculate Annual Dues:**

<b>Basic Dues Step 1</b>	<b>Employee Factor Step 2</b>	<b>Sales Factor Step 3</b>	<b>Annual Dues Total = Sum 1,2,&amp; 3</b>
<b>\$1,500</b>	<b>+</b>	<b>+</b>	<b>=</b>
